**INDIVIDUAL AND FAMILY INFORMATION
PROCESSING**

Intellivision is a system that consists of:

1. *The Master Component*
2. *The Keyboard Component **

(*Each Sold Separately)

The heart of Intellivision is the Master Component. Separately, it provides a variety of entertainment and game play.

When available the Keyboard Component will expand the system to provide programs in self education, personal improvement and family information processing.

Intellivision—The future today! Try Intellivision yourself by using the display instructions.
