

SO YOU THINK YOU'RE PRETTY GOOD.

THINK AGAIN.

You've munched, lasered and blasted just about every video game you can lay your thumbs on. And now you think you can handle them all.

No more. Imagic just came out with some of the toughest home video games you ever played. Games with action so hot they'll blister your Atari system. Mind crunchers that will set your Intellivision screaming. All with harrowing sound effects, awesome

graphics and humbling game play.

But wait, there's more. Just write to P.O. Box 2055, Saratoga, CA 95070 and we'll tell you how to become a member of our Numb Thumb Club. You'll be on the inside circuit for fast breaking news about new cartridges, high game scorers and hot tips.

If you think you're pretty good, try Imagic. We'll blow you away.

Demon Attack for Atari. Pulsating creatures scream overhead. Fire your laser cannon. Each enemy barrage hits harder! It's a test of reflexes and instinct.

Star Voyager for Atari. Your mission: Penetrate the seven star portals. Your radar tracks fierce enemy ships. Blast them with laser fire or photons. Each passage becomes more perilous. There's no turning back.

Trick Shot for Atari. Pool, Billiards or Trick Shot Combinations. Authentic game play will tax any expert and pull you into the action.

Atlantis for Atari. Flying foes attack the submerged city of Atlantis. You command three missile installations. Track and destroy alien aircraft, or perish trying.

Cosmic Ark for Atari. The Cosmic Ark races to bring back creatures from distant planets. Foes attack from every side. Reach strange new worlds and capture skittish beasties.

Fire Fighter for Atari. Battle raging flames before they scorch the panicked victim in the building. He races for the roof. Reach him with your ladder. Douse the flames. You haven't much time!

Riddle Of The Sphinx for Atari. Wander through Egypt's Valley of the Kings, seeking to solve the Riddle of the Sphinx. Collect treasures but beware the God Anubis. A must for strategy enthusiasts!

Micro Surgeon for Intellivision. The patient is critically ill. A miniaturized robot moves through the system and removes tumors, blood clots and other ailments. Be careful! White blood cells try to destroy you. It's a race against time.

Beauty And The Beast for Intellivision. The bully's got the girl. Climb the building, floor by floor, but watch out. He's tossing boulders. The higher you go, the harder the going.

Swords & Serpents for Intellivision. The White Knight explores a maze-like dungeon. Black knights attack. Treasure awaits, but so does danger: dragons, booby traps and an army of enemy knights!

Demon Attack for Intellivision. Demons attack the scientific colony. Maneuver your laser cannon and destroy an army of cunning demons. Seek out their home base and end their treachery forever!

Atlantis for Intellivision. Alien spacecraft bombard the underwater city. Fire missiles through crosshair sights. As night falls, you scramble into your spaceship and fly into enemy skies.
