## NEW PARTNERSHIPS & GAME ANNOUNCEMENTS

Our Amico family is growing with more fun and games from great partners!

PlayDate Digital is a publisher of high-quality, interactive, educational software for children.

Together, we are creating new and exciting games with a focus around nurturing children's emerging literacy and creativity skills on Amico. The beloved Care Bears franchise will be the first to come from our relationship.

G-MODE

We're pleased to announce a partnership with G-Mode Corporation in Japan to bring all-new reimagined games from the popular Data East catalog to Amico! Fans of the original Intellivision will be delighted to know that BurgerTime, Lock'n'Chase and Burnin' Rubber (known as Bump 'n' Jump in the west) will kick things off and we look forward to these games reuniting with us Together Again!

Together with Tozai Games, we're excited to bring the hit puzzle platformer Lode Runner to Amico! Considered one of the greatest games of all time by *GameSpot* and many others, Lode Runner was massively successful and is one of Tetris' creator, Alexey Patjinov's, top favorite puzzle games. And just like Tetris, Lode Runner's legacy has spanned iterations, sequels and ports on virtually every platform. We look forward to its arrival on Amico and will have more to share in the future!
