

Klax for the Mattel Intellivision

June 27, 2022

A tasty treat by Intellivision Collector!

Klax is on the menu today!

Intellivision Collector has baked up some Inty goodness, KLAX will fill you up more than a pizza pie, and is a better buy than cheap Canadian beer!

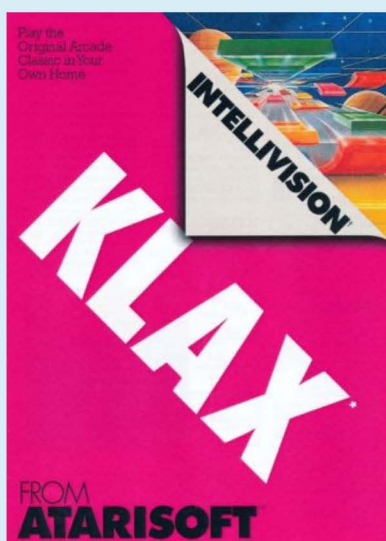

In KLAX, you will catch Colored tiles coming down a conveyor belt. Try to score big points by arranging them in the same colored stacks of threes. MMM yummy!

A Tic-Tac-Tile game if you will. Sounds Easy? Almost too easy? It is..... Until the tiles come tumbling at you so fast, you'll go nuts trying to catch them all - While figuring out where best to stack them before you run out of room!

Use Intellivoice module to hear the game speak to you!
Retention of high scores!
Hours and hours of fun gameplay, Hip Hip Hooray for KLAX!
