## TRON ANTHOLOGY BY INTELLIGENTVISION

At long last Tron Anthology is here, 10 years and several iterations in the making. The game is now an official Intelligentvision release. Featuring all 4 Mattel Intellivision Tron games of which 3 have been made "super pro" by David Harley. Now you can have this celebration in your hands. This game starts shipping out this week and all orders will be shipped out quickly. Due to current PCB availability Tron Anthology will be somewhat limited, and a second batch will most likely not happen, or be resold on other websites.
