## Spring Update 2025

As spring flowers bloom, so do new developments at Amico Entertainment! We're thrilled to share exciting updates and new ways to enjoy our games. Happy spring time to everyone in the northern hemisphere! Happy autumn to all of our friends down under! At Amico, we are dedicated to our mission of bringing families and friends together with simple, affordable family entertainment!

We are actively progressing with our phased plan to eventually manufacture Amico hardware, and we have some good news to share about the current phase of the plan: building financial stability.

# Introducing Happy Home Games

Our Nintendo Switch and Steam games are published by a new sister company called Happy Home Games. While we share a similar mission, the purpose of Happy Home Games is to adapt Amico games for other consoles and PCs, bringing family-friendly fun to more of your favorite gaming platforms!

We will continue to publish new games and re-imagined Intellivision® titles on Amico Home™ and Amico console. Happy Home Games will customize games from our non-Intellivision Amico library to use the native controllers of the target platforms, as opposed to Amico Controllers like on Amico Home.

## Amico Home

Speaking of Amico Home, Evel Knievel and Finnigan Fox will also debut on Amico Home at the same time as on the new platforms! They will join the seven games already available:

Astrosmash®

Missile Command®

Shark! Shark!®

Side Swipers  
(First Look\*)

Cornhole

Dart Frenzy

Rigid Force Redux  
Enhanced

Amico home supports iOS and Android mobile devices as well as multiple TV streaming devices, which brings us to another bit of great news.

## New Games Coming!

The new games we are bringing to new platforms are so much fun! We just know you will have a blast playing them. In case you haven't heard any details about them yet, check out these screenshots and short descriptions that highlight their unique features.

### Finnigan Fox

Run and leap your way across this classic platformer as a clever red fox named Finnigan! Wield your bladed crossbow to defeat enemies and bosses!

Invoke magic that swaps the season to gain advantages over enemies and terrain.

You'll need a combination of melee and magic on your mission to save the forests in a mystical land filled with strange creatures and challenging landscapes.

On Amico Home, up to three more players can join Finnigan as friendly birds to help Finnigan defeat enemies and collect treasures!

# Evel Knievel

Relive Evel Knievel's most daring moments and feel the thrill of his legendary jumps! From motorcycle stunts to riding a rocket over Snake River Canyon!

It's the ultimate tribute to America's greatest daredevil.

Laugh with friends as you crash hilariously! Earn trophies, climb the leaderboards, and customize Evel's gear with iconic outfits and powerful bikes. There's always a new challenge waiting!

Up to four players can journey together, taking turns riding through the gauntlet of obstacles on each level. And don't miss the simultaneous, multiplayer, rocket-jump competition over Snake River Canyon!

# Cornhole

Are the spring showers dampening your outdoor plans? Gather your friends and family for a fun-filled Cornhole competition, right from your living room!

Cornhole is a popular lawn game played around the world in which players toss beanbags onto a board.

Use motion controls to toss the bags onto the board for points. Send bags through the hole in the board for bonus points! Up to four players can compete as individuals or teams. You'll need dexterity and strategy to score points while thwarting your opponents' efforts to score.

Complete achievements to unlock new bag and board designs. Play one-off games for fun and practice, or enter career mode and play in venues around the world as you climb the rankings to Cornhole stardom!

# Enjoy the Season

Thank you for being part of the Amico family! Whatever season you are in, please take some time to appreciate nature and remember to hug your loved ones. Stay tuned for more updates this summer, and in the meantime, download Amico Home on your Apple TV and start playing!

Warm Regards,

Team Amico
