Our Summer Sale is currently running on Steam until July 2nd. For Nintendo Switch users, the sale will begin in early July for North and South America, followed approximately one week later for Europe. We will provide email updates as the sale prices become active in each Nintendo region.

## About Happy Home Games

The Nintendo Switch and Steam games are published by our sister company, Happy Home Games, which specializes in bringing Amico's family-friendly gaming experience to other platforms with native controller support.

# What Makes These Games Special

We've designed each of these games to bring family and friends together:

## Evel Knievel

Laugh together as you attempt death-defying stunts and crash in hilarious fashion! Perfect for taking turns and cheering each other on, or play simultaneously on the rocket jump levels!

## Finnigan Fox

A magical platformer that includes two multiplayer levels where up to four players can fly as birds through a gauntlet of hazards, competing to collect the most coins!

## Cornhole

Motion-controlled fun that recreates the outdoor lawn game experience right in your living room. Team up and have fun with the whole family!

# Thank You for Your Support

This expansion to new platforms is a major milestone in our mission to bring families together through gaming. It also moves us forward in our phased plan to eventually release Amico controllers and consoles.

Your continued support makes our progress possible, and we can't wait to see families enjoying these games on their favorite platforms!

Stay tuned for more exciting announcements this summer!

Warm Regards,  
Team Amico
